Project Title: Threads of Community and Belonging: A Collaborative Textile Project Through Cultural Exchange

You are being invited to take part in a research project. All ethical research requires everyone involved to understand why the research is being done and what it will involve. Please take time to read the attached information sheet carefully and discuss it with others if you wish. Ask if anything is unclear or if you would like more information.

- I understand that I have given my consent to take part in Hannah Refaat's ARP Project:
- **How can collaborative textile workshops that encourage cultural exchange support a sense of belonging, peer connection and engagement among Global Majority home students in higher education?**
- I fully give my consent to take part in upcoming workshops (October 14th and November 11th).
- I understand that I have given approval for my opinions to be included in the research outputs. Anything I say may be used in academic papers relating to the project, although these quotations will be anonymous.
- I understand and acknowledge that photographs and potential audio or video recordings may be taken during the workshop and that these materials may be used for research purposes and in academic publications.
- I understand that I will be asked to complete a survey and questionnaire during the workshop. Selected students may also be invited to participate in a follow-up interview, which will be audio-recorded and transcribed. Anonymised quotes may be used in academic publications.
- I have read the information sheet about the research project, which I have been asked to take part in and have been given a copy of this information to keep.
- What is going to happen and why it is being done has been explained to me, and I have had the opportunity to discuss the details and ask questions.
- Having given this consent, I understand that I have the right to withdraw from the research programme at any time without disadvantage to myself and without having to give any reason.
- I hereby fully and freely consent to participation in the study, which has been fully explained to me.
